## SAVVY doesn't compete, we create

Founded in 1972, Kaemark Salon Furnishings (owner of SAVVY) possesses the same work ethic and customer satisfaction values that have made you successful. Like you, we are family owned and managed. We are not only passionate about pleasing you, but like you, we are professionally accredited artists who really enjoy providing a sense of unique style that makes you proud each time you turn the lights on each morning.

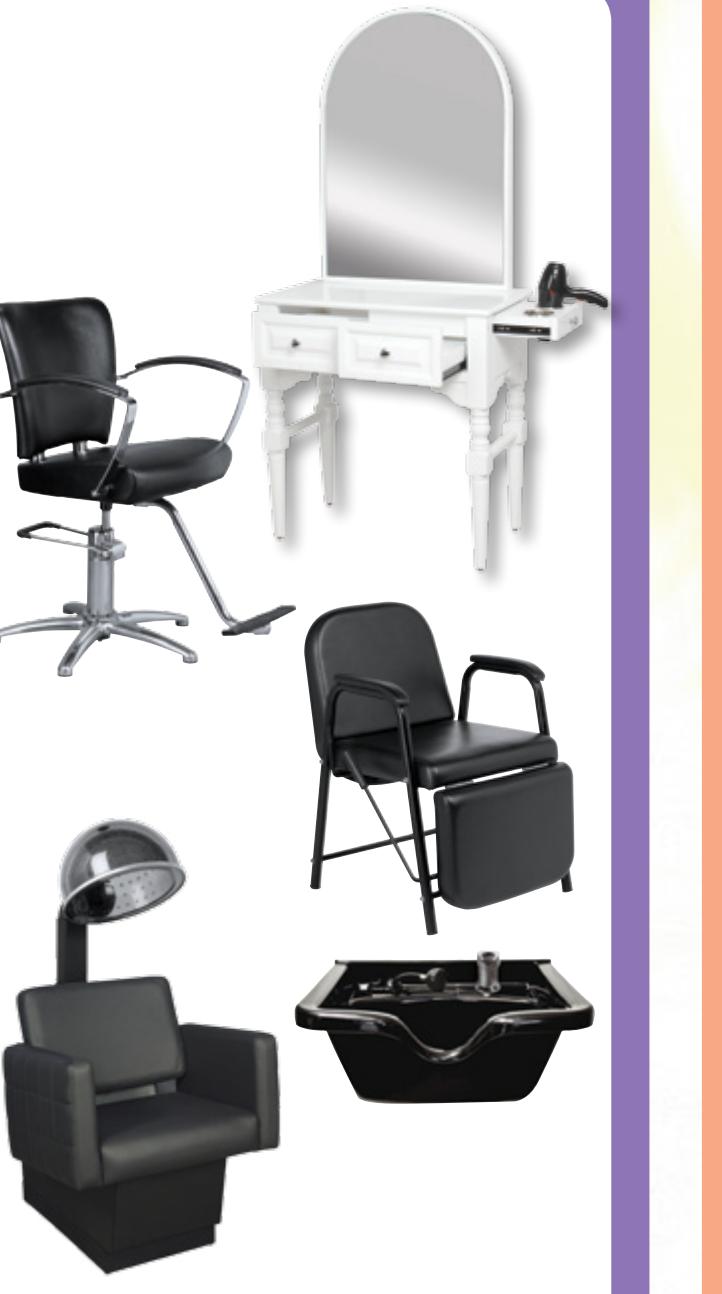

Take the time to compare our SAVVY product offerings to our competitors. You will notice immediately unique European inspired seating designs, value priced, that will allow you to raise your fees with confidence. Additionally, you no longer need to use multiple equipment suppliers, that often results in finger pointing when remodeling or building out salons. Not only does SAVVY offer the expected normal product offerings at low prices, but SAVVY offers hard to find equipment and parts such as wet stations, bowls and bowl parts, Kurative anti-fatigue mats and replacement parts. And if SAVVY does not have what you want, our Kaemark and One World Inspired brands will.

## UPC importance

UPC stands for Uniform Plumbing Code which is administered by the International Association of Plumbing and Mechanical Officials since 1926. Just how important is it that your salon equipment be UPC approved? In most cities in the USA, a certificate of Occupancy is unobtainable without UPC approval. Ask your local licensed plumber. Here is a sample press release: [http://www.iapmo.org/iapmo/news/Phoenix\\_20Adopts\\_202006\\_20UPC.pdf](http://www.iapmo.org/iapmo/news/Phoenix_20Adopts_202006_20UPC.pdf)

## tax deductions for you

"Uncle Sam" may reward you with a big tax deduction if you buy new salon equipment. Honest! The government passed this legislation to stimulate new growth in the industry and you can benefit from it each time you purchase new Kaemark equipment. Ask your accountant for details!

## kwik customcolors™

If you would like your USA (only) SAVVY built in a color not offered on page 44, SAVVY CustomColor™ is for you! From stone, to wood, to marble, to synthetics, you can find every simulated texture and color under the sun among our extensive WilsonArt® laminate selection. Because CustomColor™ units are not stocked, expect increased delivery times and pricing. Consult your trusted beauty distributor or Savvy equipment professional for more details.

## financing

You can either purchase your equipment with cash, credit card, or you can finance it. There are numerous financing companies who specialize in providing financing for salon owners. By applying on the phone, you can determine immediately what line of credit you qualify for, and what your monthly payments might be. Applying is fast, easy, and convenient. Do NOT be discouraged if you have blemished or limited credit history. Call 1-888-UB-SAVVY (827-2889) to finance your dream salon. Get yourself off to the right start by applying today!

**Colors shown throughout the catalog are printed reproductions and due to printing factors beyond anyone's control, the color reproduced in the catalog/web may not reflect the actual color of the laminate.
